Open the door with an Ultimate Collection GRP Composite Door...

At first, the number of different doors on the market can be bewildering. Where do you start? How can you be sure you're making the right choice? It's simple. You need to think about what you need from a door then look at how it measures up against what's out there.

Then again, you could simply choose an Ultimate Collection GRP composite door. Why? Because against every criteria, an Ultimate Collection GRP Composite Door more than makes the grade.

An Ultimate Collection GRP Composite Door has been designed to be both beautiful and practical.

We have a variety of distinctive door ranges and decorative glass ranges. Both are available in a wealth of colours so you can design a door that makes a perfectly personal statement about you and your home. You'll also find lots of little design touches that set our door apart from others on the market and make your home stand out from your neighbours'.

The perfect blend of style and substance from The Ultimate Collection...

With a range of designs to give your home the presence it deserves, a selection of colours to perfectly fit your personality and a choice of glazing to add that extra sparkle; you won't just open the door when you get home - you'll feel like you've arrived.

The look of love

When it comes to practicality, an Ultimate Collection GRP Composite Door more than measures up too. It meets and exceeds all the UK's security standards for domestic doors. And it offers exceptional protection from the elements, something that's reflected in the fact that it's the most thermally efficient door you can buy, helping you to reduce your heating bills and your carbon footprint.

Read on to find out more about what an Ultimate Collection GRP Composite Door has to offer - and start to decide which door you'll choose.

Open the door to The Ultimate Collection.

Confident, beautiful & practical

It's always time to see the light...

Once you've chosen your door it's time to turn your attention to the detailing - deciding which glazing perfectly suits your choices, your home and your personality.

A decorative glazing panel adds style and personality to your door whilst letting natural light fill your home.

Designed to keep in the warmth and with a large range of different designs, colours and glass patterns to choose from; you are able to give your door the perfect finishing touch.

The ultimate finishing touch for your door...

- ✓ 12 outstanding styles of glazing
- ✓ Create a beautiful focal point
- ✓ Traditional to contemporary choices
- ✓ Allow light to flood into your home
- ✓ Easy to clean and maintain
- ✓ Sophisticated and seamless
- ✓ Laminated glass for extra security

Sidelights

Adding sidelights to your door gives a stylish extra dimension to truly make a statement.

Not only do they look so impressive by extending the glazed area across the entrance to your home, sidelights also allow for more natural light to fill your internal living space. They are available across our Signature ranges.

Make a statement, not just a door!

Enclosed Mini-blinds

Perfect when added security is essential.

An enclosed mini-blind is the perfect solution for controlling light and privacy in your home.

Mini-blinds can be handed left or right and have a simple control mechanism to be raised or tilted with one hand. This system uses a magnetic tab rather than a traditional cord, so is completely safe for use around children.

The mini-blind is enclosed within two panes of glass in the frame so never require painting and are protected from damage and dust. They are a stylish finishing touch to any external door.

S

Signature
doors

We never stand still with
The Ultimate Collection.

With style and elegance throughout, our Signature doors speak volumes about you and your home. There are many different styles to choose from and all are perfectly complemented by a stunning range of glass designs.

Stable Doors

Let the summer breeze
flow through your home.

A stable door combines style and practicality whilst giving your front or back door a look of real class.

Many who have had a stable door would never go back to something more traditional – and it is easy to see why. They let light and fresh air flow through your home but also the peace of mind that children or pets remain safely inside.

*Choose from the Cottage door styles indicated
for your Stable Door.*

S

French

A fresh perspective...

Make the most of those long hot summer days with our stunning French doors.

Our choice of french doors let you enjoy your garden whatever the weather.

They are designed to make the most of your home, both inside and out, as they bring the sunshine indoors by giving an airy feel and rooms filled with light. Both are perfect for entertaining.

Energy Efficiency

Doing our bit to keep you snug and warm in your home.

Looking after our world and your wallet...

The rising cost of energy bills and the impact on the environment means we all want to keep our consumption to a minimum. One of the best ways to achieve this is to choose thermally efficient products which keep warmth in and cold out, saving money and emission levels.

ENERGY RATING

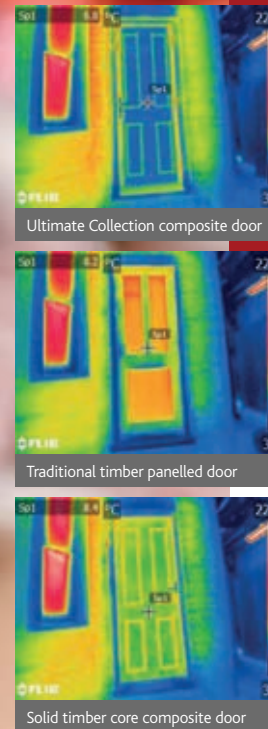

Throughout our brochure you'll have seen that most doors display an energy rating. These are your guide to the most energy efficient products, with 'A' delivering the highest performance levels.

Tests prove that an Ultimate Collection GRP Composite Door is -

19% More thermally efficient than a 48mm solid timber core composite door.

17% More thermally efficient than a 44mm traditional panelled door.

FACT

Doors were tested at the University of Salford's Energy House. This represents a typical Salford 1919 terraced house and its construction represents 21% of the UK's current housing stock. The house has been reconstructed in a fully environmentally controllable chamber, in which climatic conditions can be maintained, varied, repeated and patterns monitored. For the test, the inside temperature of the Energy House was 25°C with an exterior temperature of 5°C.
